<ul style="list-style-type: none"> The minutes of the previous meeting, having been re-circulated, were taken as read 	
Items carried forward from previous meeting:	
<ul style="list-style-type: none"> See previous Action Notes. These items will be addressed once we are able to do so after lockdown. 	
Finances:	
<ul style="list-style-type: none"> Latest financials had been circulated to all prior to the meeting 	
COVID PROJECT	
<ul style="list-style-type: none"> Lynne commented on the fantastic response to the call for donations to our Covid food project, and said that many people are still donating. At her request it was agreed that at this stage we would continue to allocated R5000 per week for the next 4 weeks. Lynne will provide a weekly spreadsheet detailing these activities. Lynne advised that she is in contact with Gugu as a means to identify needy families Based on our financial position, Kevin proposed that even if we earmark 12 months income over the lockdown period and then re-evaluate. There was general concern about whether all vulnerable people in our greater area had been identified? Ashley will get feedback on this via social media. Going forward, our Covid project efforts will be in conjunction with various other organisations doing similar work. Lynne will co-ordinate. It was agreed that for the foreseeable future all Dargle Conservancy communication/decision making would take place via email or Whatsapp and an electronic record retained. 	<p style="text-align: right;">LG</p> <p style="text-align: right;">AC</p> <p style="text-align: right;">LG</p> <p style="text-align: right;">JG</p>
